

Influence of L on the tumor growth inhibitory effect produced by cisPt

a.) 1 qd

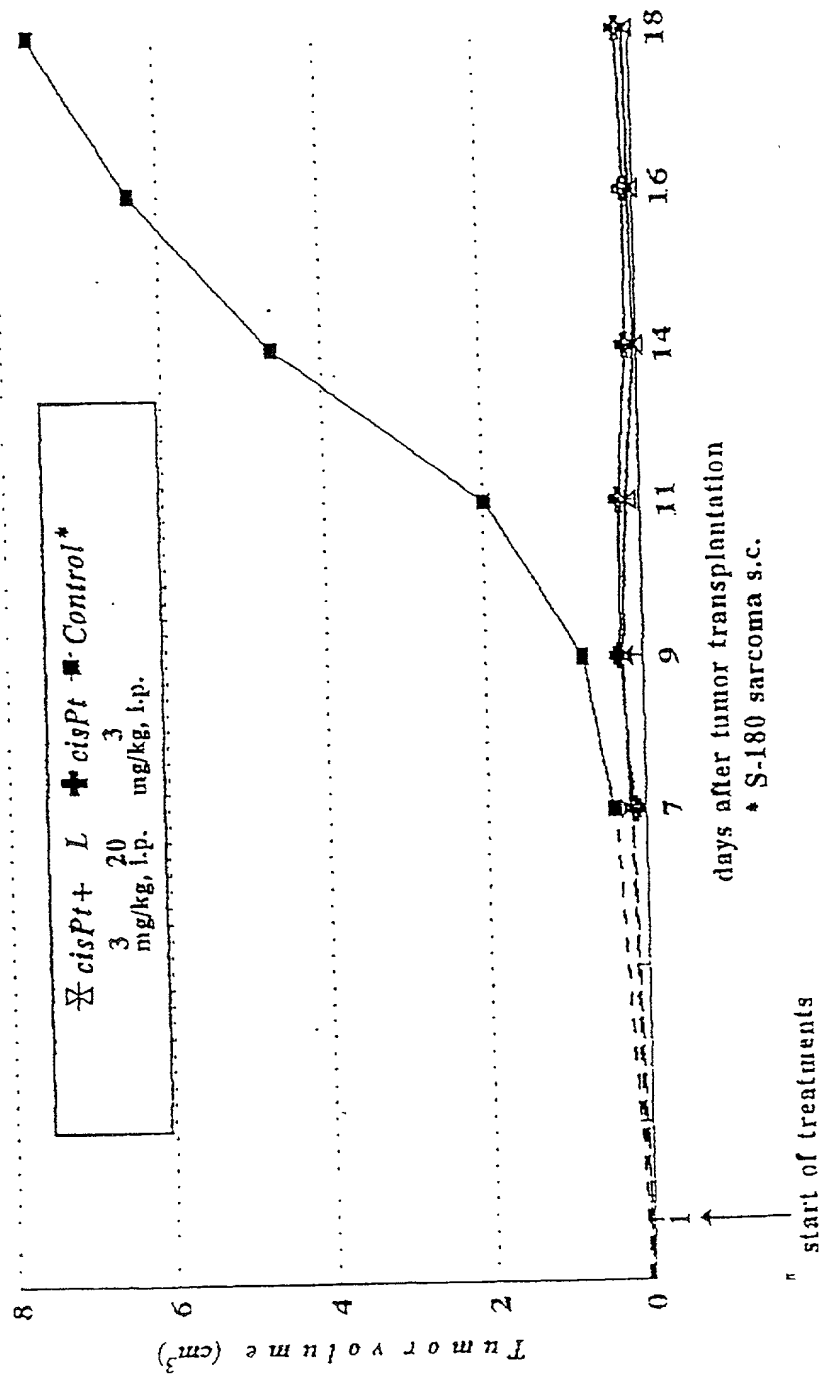

FIG. 1

Influence of L on the tumor growth inhibitory effect produced by cisPt

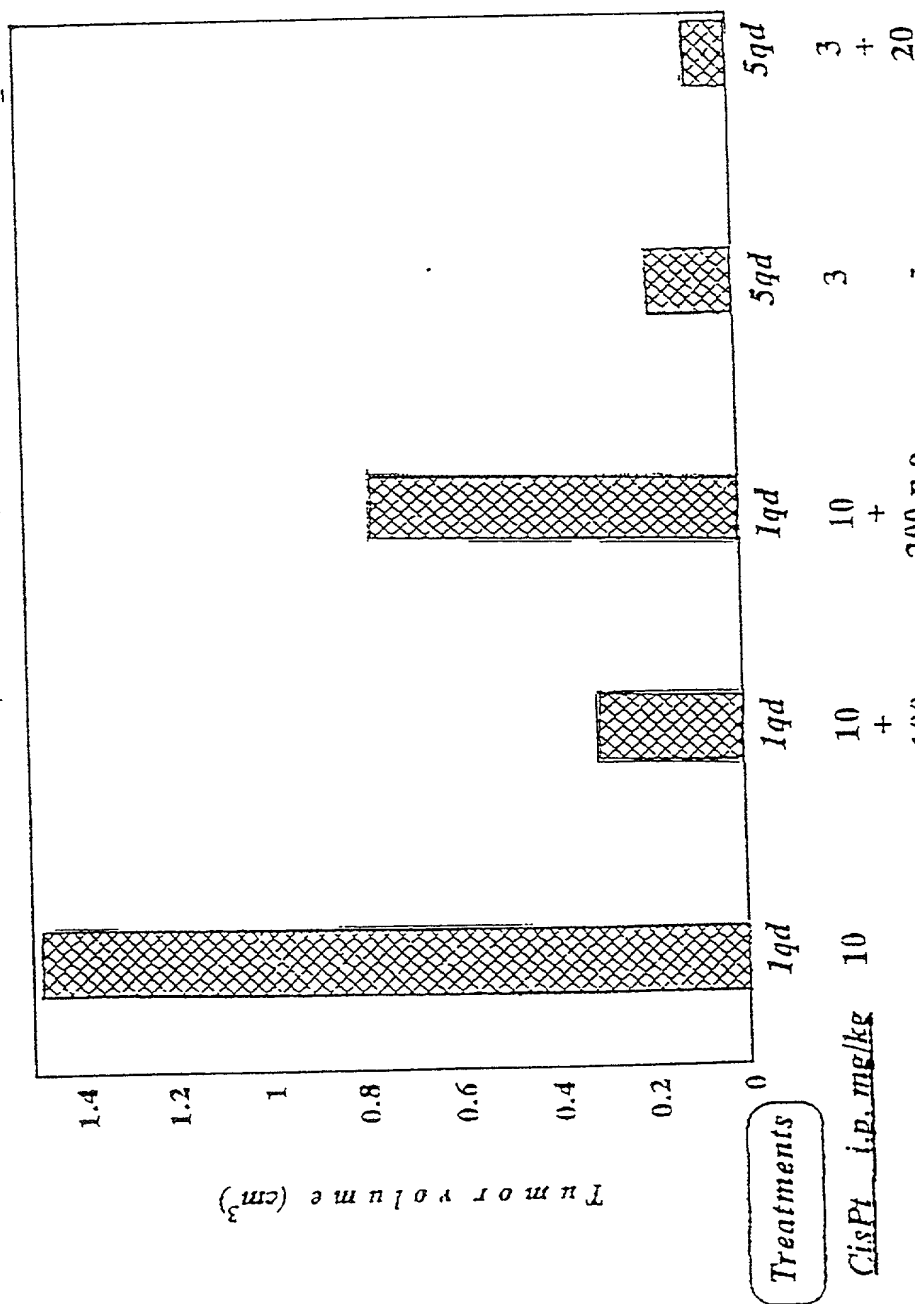

b.) Repeated (5qd) treatments

FIG. 2

The tumor growth inhibitory effect of cisPt in comparison with mixture of L + cisPt on day 18 after S-180 tumor transplantation

FIG. 3

Data were derived from experiments reported on fig. 1 and fig. 2.
